

Web Based Scientific Programme - 30th Annual Scientific Sessions of the Sri Lanka College of Microbiologists 2021

The 30th Annual Scientific Sessions of the Sri Lanka College of Microbiologists 2021, will be held as an International Conference under the theme “*Threat of new and re-emerging infections: Role of novel tools and technologies to face challenges*” in collaboration with the Ohio State University, USA.

The inauguration is planned as a hybrid event with limited participation as per government regulations that will operate at that time. The pre-congress and the scientific sessions will be held on a virtual platform with registration open to both local and foreign participants. The event is scheduled to be held from **24th to 26th August 2021**.

Please note that the Early bird registration for SLCM members is Rs. 2,000/- and will be valid only up to 10th August 2021. After that the full registration fee will be Rs. 3,000/-.

Online full registration (3 days) (online participation) – **Rs. 2,000/-**
(*Pay through online banking or at the College office)
CPD points will be awarded as per SLMA guidelines

We would kindly request you to pre-register for this event at your earliest to facilitate the organizing process.

The tentative programme of the conference is attached herewith for your reference.

*Payment can be made to the following account and scanned copy of the payment slip should be sent to the slcmicrobio@gmail.com.
